WHAT STANDS OUT

56.3% of export value is 100% cotton yarn ($3.10M); CVC yarn follows with 39.7% ($2.19M).

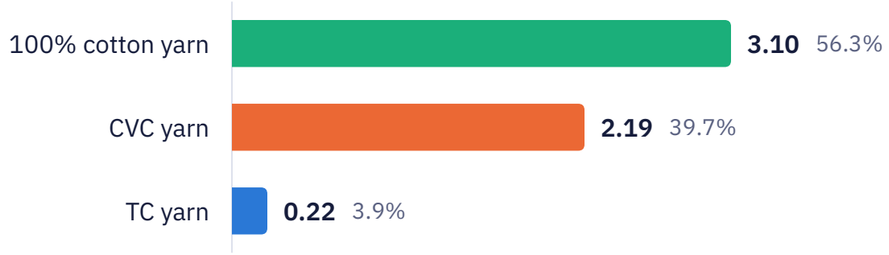

6.6× CVC exports in Q1 2026 against Q1 2025, while cotton yarn fell 60.3%. CVC is now 67.9% of the quarter.

65.4% of raw cotton comes from one merchant, and raw cotton is 72.2% of all imports.

Cotton yarn leads the mix, and three buyers take every tonne exported
